

TWO KILLED, ONE INJURED AS YOUNG DRIVER CRASHES INTO TRIO WHO WERE WALKING NEAR HONOR

ACCIDENT OCCURED FRIDAY NIGHT—IS WORST AUTO FATALITY IN COUNTY.

Lewis Neebes, 57, and Elmer H. Sager, 22, both of Honor, were instantly killed last Friday night, and Pete Schenburn, 62, was critically injured, when the trio was struck by an automobile driven by James Dymond, 18, as they walked along the Empire road just at the outskirts of Honor.

The tragedy occurred when Dymond, driving at a high rate of speed, swung out to the left side of the road to pass a car driven by Fred Bates, Benzie fire warden and plowed into the three men who were returning to their homes from Honor and were walking on that side of the road. In attempting to avoid hitting them, Dymond crashed his car into the one driven by Bates, damaging both cars but not seriously injuring any of the occupants.

Neebs, who died instantly, evidently caught the full force of the impact, his body being thrown completely over the car and broken and crushed almost beyond recognition. The younger man, Sager, suffered a badly broken shoulder and crushed chest and died within a few minutes after being struck. Schenburn evidently was struck only a glancing blow. He was rushed to the Frankfort hospital where it was found he had an injured back and a broken pelvis bone which may leave him a cripple the remainder of his life.

Since no one knew at the time just who or how many had been struck, it was not until an hour and a half afterward that Neebs was missed and his body found in the high grass beside the road about fifty feet from where it was struck. Neebs was a tall man, weighing over two hundred pounds. When picked up his body was less than three feet long and was broken and crushed into a shapeless mass. Where the bumper struck his legs below the knees the limbs were almost severed by the impact. One shoe was torn completely off and on the other foot his toes were driven completely through the heavy leather.

The accident occurred at 10:45 when the crowds which had attended the free talking pictures in Honor were setting out for their homes and the roads were crowded both with automobiles and pedestrians. A fire had been reported at the Esch place east of

(Continued on last page.)

Four Benzie Residents Answer Final Summons

L. K. PUTNEY
L. K. Putney, of Blaine township, passed away Sunday at his home at the age of 78 years, following a brief illness. Mr. Putney is well-known in Blaine township and was the owner of a large cherry orchard and other fruits.

Mr. Putney is survived by three daughters as follows: Mrs. John Zilch, Mrs. Ada Hopkins, of Blaine township; and Mrs. Roger Beaton of Kalamazoo and three sons, Ralph, Rufus and Harry Putney, of Blaine.

Funeral service was held Tuesday afternoon at two o'clock at the Blaine church with Rev. H. M. Smart, of Frankfort, conducting the service. Interment was in Blaine cemetery in charge of B. G. Bennett.

Caviggiola Pleads Guilty, Pays Fine

Baptiste Caviggiola, whose trial on a reckless driving charge was to have been heard in Justice E. L. Rockwell's court Tuesday, July 9th, appeared before the justice Monday morning and automatically cancelled the trial by pleading guilty to the charge and paying a fine of \$25.00 and costs of \$6.25.

The charges grew out of an accident which occurred July 15th when Caviggiola failed to heed a stop sign on U. S. 31 as he drove out of Beulah and rammed his car into one driven by Wm. Noffsinger, seriously injuring Noffsinger and damaging both cars.

Another case to come into Rockwell's court Monday was that of Max Slarrow charged with assault and battery in the whipping of Warren Lindsey, aged twelve. Complaint was made by a neighbor who had observed the incident from a distance.

From the evidence brought into court, however, and the testimony of the boy, it appeared the whipping was far from as severe as first supposed, so Slarrow was assessed the court costs of \$5.35 and released with a brief lecture by the court. Slarrow lives at the Lindsey home just west of Benzonia.

BEULAH BEACH HAS LIFE GUARD

The Beulah Beach now has a life guard and swimming instructor for the children in James Cooper, of Frankfort, who has been appointed under the WPA recreational program to be on duty there from two to five every afternoon.

A schedule of water sports is being worked for the summer with some unique stunts planned for the next few weeks and efforts are being made to have a guard rope stretched out in the water to keep the youngsters out of the deep water and to make the danger line for others as well. A regular program of games is also carried out every day in the park under the WPA supervision.

Soft ball games are going ahead with great success. Beulah lost to Elberta by 60 to 14 last Wednesday and then lost again on Thursday to Benzonia by 8 to 10. Frankfort failed to show up Saturday for a game so that decision went by default.

Why Newspapers Lead

Newspapers continued as "tops" in advertising media in 1935, and here is why, according to Prof. Thomas F. Barnhart of the University of Minnesota:

1—Newspaper reading is a universal habit. Newspaper advertising, therefore, reaches virtually all who read and buy.

2—A newspaper advertisement can always be seen by the reader.

3—The newspaper advertisement as part of the complete paper goes into the homes as a welcome guest.

4—The newspaper advertisement can have as much reader interest and news value as the news item.

5—The amount of text used in newspaper advertisements is dependent only upon the size of space.

6—Newspaper advertising is flexible.

7—Newspaper advertising is quickly controlled.

"Newspaper advertising," says Professor Barnhart "builds confidence and good will, attracts new customers, increases sales, and stabilizes merchandise, methods and prices."

Alowishus

Mail Order Prosperity—
The Amendment Craze—
Dividing The Taxes—
Responsibility of Death—

Home town merchants seldom care to be reminded that the mail order houses are still doing business, and even less do they like to be informed that the same mail order companies are showing more and profit each year. Just last week Sears, Roebuck and Co. produced figures showing they had sold more goods during 1936 to date than at any other time in their history for the same spring period. They have outdone their peak year of 1929 by 24 million dollars. Their business to June 20th amounted to almost 178 million since New Year's Day.

When any business produces like that during a depression it seems to Alowishus other businesses both large and small could do well to find the reasons and use them. And when you stop to figure it up, there are only three good reasons why Sears, Roebuck are building up profits. The first is plenty of money spent in continuous advertising, the second is low prices, and the third is the fact that a great many home town merchants "don't need to advertise because everybody knows they're here". So mail order stores prosper.

And now begins the constitutional amendment campaign again. Rebuilding the state constitution seems to be sort of a pet craze in Michigan. A few months before every fall elections, changes for that battle scarred document seem to sprout like quack grass after a rain. Now comes a suggested amendment to remove the sales tax from food. To Alowishus this looks like another well intentioned but decidedly short sighted idea. Taxes are never enjoyable afflictions and on bread and butter they are especially irksome. Always have been. But in spite of all this Alowishus sees nothing very good in the proposed exemption.

The fact of the whole matter is this, a sales tax on everything sold at retail hits everybody as near equally as any tax ever could. (Hurrah for Comstock!) at least it

(continued on page 11)

GOOD WRESTLING CARD AT OPEN AIR ARENA TONITE

Promoter Dean Rockwell, of Elberta, has announced his second open air wrestling show to be presented tonight Thursday, July 2nd, at the Frankfort ball park at 8:30. A card that promises real action and plenty of color has been chalked up and fans are looking forward to a session of brand new thrills.

George Saur, light heavyweight, who made such a hit before the Benzie crowd in the last show, will top tonight's ticket against Buck Weaver, of Indianapolis, Ind. Saur has an outstanding record in wrestling circles, having been world's welterweight champion for some time before he outgrew that class and graduated into the light heavyweights where he has been making it notably tough lately for the top-notchers in the heavies. He is a wrestler of the old school but has plenty of color and steam and is a favorite everywhere he goes.

His opponent, Weaver, has an equally worthy record having been wrestling professionally ever since his graduation from the University of Indiana in 1926, where he played football and was a big ten wrestling champ. His reputation

"THE SPOT" NOW PRIVATE CLUB

"The Spot" the popular dance pavilion built and operated last summer on the north shore of Crystal Lake by Ed Appellhof is being taken over and will be used strictly as a private club to be known as the "Beach Club". The membership will be restricted entirely to business and professional men of Detroit.

JOBS AVAILABLE FOR 5000 CHERRY PICKERS IS BELIEF

Approximately 5000 jobs for Michigan persons will be available in a few days in the cherry orchards covering a thirty-mile area near Traverse City.

Anyone over 16 years of age desiring a job and who is capable of picking cherries should register at once in any of the local offices of the National Reemployment Service, Major Howard Starrett, State Director, announced today.

The National Reemployment Service, affiliated with the U. S. Department of Labor is aiding the cherry growers in a quick, wholesale state-wide transfer of workers to the orchards.

Work will begin on July 1 or shortly after and will continue for the season which usually lasts six weeks. A good cherry picker can earn from \$2.50 to \$5 per day on a piece-work basis, Major Starrett says. The growers plan to pay off each Saturday night during the harvest.

Applicants for these jobs must furnish their transportation to the National Reemployment Service office in the city hall at Traverse City where they will be referred after registering in their local employment offices.

Living accommodations must also be taken care of by the workers. They may bring tents, automobile trailers and similar equipment and live along the shores of Grand Traverse Bay and lakes where most of the orchards are located, according to Major Starrett.

Registration may be made at the following National Reemployment Service offices: Battle Creek, Saugatuck, Charlotte, Hillsdale, Bay City, Clare, West Branch, East Tawas, Gaylord, Alpena, Big

Princess To Preside At Forest Festival

Princess Wabisheshikwe, Manistee county Ottawa Indian, above, will take the place of a queen at the Manistee National Forest Festival in Manistee July 2, 3, 4 and 5. She will be present at the dedication of the authentic Indian village on the banks of the Manistee river, at the dedication of the Forest Festival museum and Chittenden nursery near Wellston. She will preside at the tree planting ceremony Friday, July 3, and at the Festival ball and banquet the same evening, as well as take a prominent place in the historical parade July 4.

PERSONALS

Miss Helen Bennett left Tuesday for Owosso to spend the Fourth with her aunt.

Mr. and Mrs. C. W. Patterson and family, of Owosso, who are vacationing at their cottage on Crystal Lake, were dinner guests at the home of Mrs. Beulah Miner, Sunday, Jack Thompson, of Fargo, North Dakota, was a guest also.

Miss Maisey Ten Eyck, who spent last week in Grand Rapids returned to Beulah Sunday. Miss Ten Eyck was accompanied to Beulah by her niece, Miss Gail Rice, of Rockford, who is spending the week with her aunt.

Miss Dorothy Outwater, of Ann Arbor, is the guest of her sister, Miss Katherine Outwater this week.

Charles Armstrong, of Milwaukee, was a week-end guest at the Beulah Inn.

Mr. and Mrs. Otto Norwalk and son Keith of Flint, arrived last week to spend the summer in the resort section.

Mrs. Paul Nutting and children, of Detroit, and Mrs. Louis Krumholz and son, Karl, also of Detroit, returned to the city Monday after visiting relatives in Benzonia.

Mrs. Eugene Brewer and son, Arthur, of Owosso, arrived last week. They will occupy their summer home in Beulah during the season.

Mrs. Wm. Swartz, of Constantine, is visiting her parents, Mr. and Mrs. W. J. Pettitt, at their home in Benzonia.

Mr. and Mrs. J. S. Pettitt and family, of Redford, recently arrived to spend the summer in Benzonia and vicinity.

Miss Geraldine Miner will be the guest of friends in Owosso over the Fourth.

E. S. Clark and Mrs. Lulu Meyers motored to Petoskey Sunday where they were guests of Mr. Clark's daughter, Mrs. Clare Dean and husband and other relatives for the day.

Irving Johnson, who has a position at the Sentinel office at Scottville, spent the week-end with his parents. Mr. Johnson was accompanied by Myron Spencer, Myron Spencer, of Scottville.

Douglas and Junior Eastman left Sunday for their home in Milwaukee after a two weeks' visit with relatives and a grand vacation on Crystal Lake beach.

Mr. and Mrs. A. N. Nesman and family expect to leave the latter part of the week for East Jordan where they will spend part of the summer vacation at their cottage.

Clarence Erickson, of Norway, upper peninsula, has employment at "Pete's" barber shop.

Prof. Morris Hughes returned to Beulah Sunday afternoon. Mr. Hughes attended summer school session at East Lansing during the week.

Albert Brown, of Chicago, arrived Monday night, being called here on account of the serious illness of his grandmother, Mrs. Eliza Brown, of Honor.

Mrs. B. G. Bennett and son, Robert, Mrs. W. J. Creech and son, Peter Quin, accompanied Mrs. Alma Seel to Frankfort Monday afternoon where they were guests of Mrs. George Bennett, who entertained sixteen guests in honor of her little four-year-old daughter, Marilyn's birthday anniversary.

Rev. and Mrs. A. B. Eby are spending this week in Caledonia with Mrs. Eby's parents.

Mr. and Mrs. T. B. Pettitt, pioneer residents of Benzonia celebrated their sixtieth wedding anniversary Sunday, June 28, at their home with a family dinner party.

Following the dinner friends were invited to call during the afternoon for a friendly chat with the couple. Frank Saur, of Elk Rapids, brother of Mrs. Pettitt, also attended the celebration.

Mrs. Ira S. Daines, who spent a few weeks with her sister, Mrs. Richard Chambers at Elyria, Ohio, returned home last Friday. Mrs. Daines reports her sister greatly improved from her illness.

Mrs. Ralph Claggett and children, of Highland Park, arrived last week to occupy the Claggett cottage, overlooking Crystal Lake on U. S. 31.

Mr. and Mrs. Ike England, of Traverse City, announce the birth of a daughter, born Sunday, June 28. Mrs. England, before her marriage, was Miss Gladys Clark, daughter, of Mr. E. S. Clark, of Beulah.

Mr. and Mrs. Guy E. Herbert and sister, Ruth Herbert, who visited relatives and friends in Defiance, Ohio, returned home last week.

Jack Bouman, of Traverse City, spent the week-end with his aunt and uncle, Mr. and Mrs. Roy Waite.

Miss Myrtle Bailey, of Drummond Island, is a guest at the home of Mr. and Mrs. Charles E. Maddock this week.

Mrs. Roy Sleezer left Sunday with her cousin, Miss Rose Dickinson, to be her guest at her home in St. Joseph for an indefinite visit.

Miss Mary Kromer, of St. Petersburg, Fla., who is vacationing at Glen Lake, was a guest of Mrs. Charles Lemon Tuesday.

Mr. and Mrs. Newell Huguely and children, who were here to attend the funeral of Mrs. Huguely's mother, Mrs. George Rust, left Tuesday for their home in Lansing.

Mr. and Mrs. Guy Reem and family, Mr. and Mrs. Glenn Reem and family, of Detroit, Mr. and Mrs. Arthur Bell and family of East Lansing, Mrs. Warren Buell, of St. Clair and Mr. and Mrs. Eddie McEnnan and family of Ypsilanti, who were called here on account of the serious condition of their mother, Mrs. Fanny Bates, who is in the hospital, following an auto accident in which she was injured, returned to their respective homes Sunday. Mr. and Mrs. McEnnan making their return trip with their own plane.

Mr. and Mrs. Fred Hack, of Columbus, Ohio, arrived here today for a few days' visit.

Mrs. Henry Gray and daughter, Alice, of Lombard, Ill., will arrive the latter part of the week.

Mrs. F. H. Stone and daughter, Beverly, left Tuesday morning to visit relatives in Cadillac.

C. A. Gorham left Tuesday morning to visit friends and relatives in Mt. Pleasant and Owosso.

Jack Thompson, of Fargo, North Dakota, is here to spend the summer with his grandparents, Mr. and Mrs. Wm. Gates at their summer home, "The Rancho."

Mr. and Mrs. Chester Rust and family, who spent the week with Mr. and Mrs. Leslie Kidder and with Mrs. Kidder's father, Mr. George Rust, will leave for their home near Lansing Friday.

Whittemore-VanLeuween The home of Mr. and Mrs. J. E. Whittemore, at Benzonia, was the scene of a quiet but impressive wedding Saturday, June 20, when their daughter, Miss Mardell Whittemore, was given in marriage to Robert VanLeuween, of Grand Rapids, in a ceremony performed by Rev. A. B. Eby. Richard Crum and Miss Charlotte Chaffee, both of Ada, Mich., attended the bride and groom, the bride being dressed all in white and Miss Chaffee in yellow. The young couple are living at a home in Grand Rapids which came as a wedding present from the groom's father. They will leave on July 11th on a honeymoon trip through Ohio.

4-H Food Preparation Notes The first and second year food preparation clubs met at the Community House Monday night in an interesting meeting which was featured by a pot-luck dinner.

Alice and Betty Love put on a demonstration on making lemonade. After dinner the groups divided and went to separate rooms for business meetings.

Games and songs follow under the direction of Mrs. Maddock, leader of the Food Preparation clubs. Taps were sung and everybody left with light hearts and fresh memories of an enjoyable evening.

Eighteen members of the younger W. P. A. harmonica players enjoyed a campus party Thursday afternoon. Softball and croquet were the main points of interest. Mrs. Sherwin, assisted by Alice Love, served refreshments. The "teen ag" group held a weiner roast at the Snell beach on Friday evening. These W. P. A. classes will continue during the summer. New members always welcome.

FESTIVAL PRINCE AND PRINCESS ARE NAMED

Traverse City—Dick Johnson, 5-year-old son of Dr. and Mrs. M. O. Johnson, and Gwena Jeanne Lewis, 6-year-old daughter of Mr. and Mrs. Gladwin Lewis, were selected prince and princess of the National Cherry Festival here June 26 at the Lyric theatre during the annual juvenile contest.

Ronald Snyder, 5, and Leona Swaney, 5, were named attendant and lady-in-waiting to the prince and princess. Ronald is the son of Mr. and Mrs. Ervin Snyder and young Miss Swaney is the daughter of Mr. and Mrs. Ivan Swaney.

Following a group of violin selections by Mrs. Mozell Sawyer's pupils and a short song-and-dance curtain raiser by members of Eddie and Kittle Robinson's dance studio, the contest was staged amid a colorful beach scene in which the 40 contestants appeared in bathing suits.

Each of the young hopefuls was introduced by Master of Ceremonies Eddie Robinson, co-chairman of the juvenile committee, who with Miss Kittle Robinson will have charge of the coronation ceremony for the prince and princess July 15, the first morning of the three-day festival celebration.

The judges were Miss Elizabeth Pfeiffer, of Flint, Mrs. C. C. Clippert of Grayling and Kenneth Petrie of Cadillac.

ATTRACTIONS AT THE LYRIC THEATRE

Traverse City

"Early To Bed"
"Early To Bed" starring Charles Ruggles and Mary Boland comes to the Lyric Theatre Friday and Saturday, July 3 and 4.

You laugh when Ruggles and Boland first appear as antiquated lovers; you laugh when they stumble their ineffectual way through a murder and jewel robbery mystery; you laugh at Charlie's valiant attempts to sell the world's biggest order of glass eyes, and at his worry when he comes to believe he is a "Tiger Man" during his sleeping-walking periods. You laugh hardest of all when you discover what he really does on his nightly walks.

"San Francisco"
A new and truly romantic team is brought to the screen in Metro-Goldwyn-Mayer's "San Francisco," currently playing at the Lyric Theatre, in Clark Gable's and Jeanette MacDonald.

For the first time the rugged, two-fisted, jaw-socking Gable of old and the lovely Miss MacDonald with the voice that thrills, are brought together, with Spencer Tracy sharing stellar honors. "San Francisco" has drama, love interest, comedy and spectacle. Gable has the rough and tough type of role in which his screen

O-AT-KA BEACH IS POPULAR PLACE

In addition to the free dancing provided from 9:00 to 9:30 at O-At-Ka Beach, the well-known Traverse City dance hall, a special "Bank Night" is planned for each Tuesday evening when a numbered stub will be issued with each dance ticket. Then at the close of the evening frolic a drawing will be made, the holder of the lucky number being awarded a five-dollar bill.

The O-At-Ka Beach hall is located a few miles east of Traverse City on U. S. 31.

public likes him best. Miss MacDonald has the ideal part to give her opportunity to sing, and when she sings there is a reason for her singing for her songs are a part of the plot.

"The Golden Arrow"
One of the most lavishly appointed pictures both as to costumes and settings will be disclosed with the showing of "The Golden Arrow," a First National production which comes to the Garden Theatre on July 9 and 10, with Bette Davis in the stellar role and George Brent as the leading man.

The play, by the famous English dramatist, Michael Arlen, is perhaps the most richly mounted society play to date, and First National is said to have spared no effort in making the picture conform to all the gorgeousness of the comedy drama.

ATTRACTIONS AT Garden Theatre

"Harvester"
A powerful, dramatic story of romance among the strong characters traditional to the soil, Republic's excellent screen portrayal of the Lumberist folk in Gene Stratton Porter's famous book "The Harvester," created a profound and moving impression coming to the Garden Theatre, July 3 and 4.

The superb cast headed by Alice Brady, Russell Hardie, Ann Rutherford, Cora Sue Collins, Frank Craven, Emma Dunn and Joyce Compton, took the preview audience from tears to laughter and back again.

"Counterfeit"
Starting July 5 Columbia's "Counterfeit" will head the screen program at the Garden Theatre. The story concerns the efforts of government agents to bring to justice the country's most ambitious band of counterfeiters, dominated by Lloyd Nolan. Chester Morris is seen as the T-man in charge of the case, with Margot Grahame as Nolan's sweetheart and Marian Marsh as Margot's innocent sister involved in the gang's criminal activities.

"Sons O' Guns"
In four big musical numbers of Joe E. Brown's new Warner Bros. picture, "Sons O' Guns," which comes to the Garden Theatre on July 6 and 7, the whole range in song-and-dance variety from slam-bang comedy to romance in waltz-ballad time is covered. The numbers are "Over Here," "For a Buck and a Quarter a Day," "In the Arms of an Army Man" and a riotous Apache dance affair to that familiar theme of the step, "My Man." The variety is achieved in several instances, within the scope of a single number.

"Little Miss Nobody"
Bubbling with laughter and bursting with song, roguish Jane Withers comes to the Garden Theatre in her joyous new Fox hit, "Little Miss Nobody."

The picture follows the adventure of a merry orphan through a series of escapades both hilarious and pathetic. Featured in the strong supporting cast are Jane Darwell, Ralph Morgan, Sara Haden, Harry Carey and Betty Jean Hainey.

Clipped Comment

More Boondoggling

Maps are to be made of every farm in the United States, according to orders issued by the Soil Conservation Service of the Department of Agriculture. They are to be scientific maps, drawn carefully to scale, with a crop rotation program laid out for every field.

This work has now been going on for about two months. During that time something like 14,000 farms have been mapped. There are 6,812,350 farms in the United States, so only 6,798,350 remain to be mapped before the job is finished.

At the present rate of progress, the job may or may not be completed by the time Gabriel blows his horn. Provided, of course, that the taxpayers' money holds out, that farm owners agree to let a Washington bureaucracy run their farms for them, and that government experts do not change their minds and try something else in the meantime. And when and if the program is completed, we shall have such a fine crop of maps that we can plow every third one under and not miss them in the least.

The Echo Continues

It was slightly more than three years ago that a clarion sound came out of Washington and in traveling about the nation stuck its barbs into Michigan.

This sound, formulated a phrase, which will never be forgotten. It was "I'll shout from the housetops!" Largely as a result of this call, money was not forthcoming, which might have saved the banks of Michigan.

Now that election time is nearing, there is an echo of this same, "I'll shout from the housetops." It is an echo which may have far-reaching results.

It is true that the banks were in a difficult situation, but so was everything else. Had not the bank crisis come at the time it did, such a crisis might have come later.

But voters of Michigan will not quickly forget that when a huge loan was made to Chicago banks, no great squawk was heard from the senior senator from Michigan. The Chicago banks were saved.

When it became necessary for certain Michigan banks to apply for a loan, then came the call of "I'll shout from the housetops!" from one, who should have gone to extreme lengths to help this state. This threat of "I'll shout from the housetops!" had its effect and the bank crisis was precipitated.

In the months since that time, many Michigan banks have paid their depositors almost 100 per cent. They have reduced their indebtedness to the R. F. C. far more than the Chicago banks.

You don't hear anything about shouting from the housetops over the very remarkable recovery of Detroit and its banks from the senior senator from Michigan.

Between now and November Senator Couzens is going to hear many echoes of this same, "I'll shout from the housetops!"—Wyandotte Daily News.

Hubby—"I realize, dear, I'm not much to look at."

Wifey—"Oh, Jimmie, that's all right—you know you'll be at the office all day."

All Must Be Free

Commenting on the freedom of the press the Saturday Evening Post recently said: "Whatever the faults of the newspapers, there would be no liberty or freedom without them; government would become merely another name for tyranny. Therefore, the newspaper publishers are wise in calling attention, as they recently have, to their effort to maintain independence."

"Newspaper editors and publishers are not, of course, entirely unselfish or altruistic in fighting encroachments upon them. They wish, naturally, to protect their own jobs and their own property. But just the same they are fighting the people's battles, since every successful assault upon the press means an equal breach in the liberties and rights of the people."

The American people should also remember that in addition to a free press, other means of communication must be just as zealously guarded against partisan control and censorship as the newspapers. The radio, the telephone, the telegraph and the cable are under government regulation through a licensing system. Such a system was proposed for the newspapers but was emphatically rejected. We do not say there is anything wrong with this regulation of the air and wire as it now exists, but complaints have been heard. The wily politician will hardly bother himself over a newspaper with a few hundred or a few thousand circulation, but how a radio chain reaching millions of listeners? It will be well to keep this fact in mind as the campaign progresses.

Conflicting Interests

A meeting of the representatives of the boards of supervisors from some 64 counties was held in Lansing on Friday to discuss the new welfare set-ups in the various local units. The state has brought about a change in the membership of the county commissions and now the question has arisen as to the method of securing the employees under the new organizations.

The governor has been so insistent on the civil service principle that he felt that it should be extended to this type of employment also. On the other hand many of the boards of supervisors were anxious to keep the appointments in the hands of their members.

The governor appeared before the meeting and carried the day. He secured the approval of a small group of counties for the entire plan of pure civil service but a large number went along with him on a basis of having eligible lists made under civil service standards and then allowing some freedom of selection from that list.

Ahead On July 1

The auditor general greeted the first day of July without a headache. Every bill on the general fund had been paid and there was almost \$1,400,000 left in the treasury belonging to that fund. This compares with a deficit in 1935 of about \$6,500,000.

In other words the first full fiscal year of the present administration saw a change in the right direction of about \$8,000,000.

This does not mean that all funds are caught up but every sinking fund requirements and bill against the general fund will have been met. The highway is independent of the general fund as are some of the institutions and there may be unpaid bills there.

The governor freely admits that the sales tax has made this possible but on the other hand he feels proud of the fact that he has insisted on the state living within its income.

God's Gift

God's gift was that man should conceive of truth And yearn to gain it, catching at mistake As midway help till he reach fact indeed.

—Robert Browning.

IN FULL SWING

Eden

Edgar Worden drove to Jackson a short time ago, accompanied by Mrs. Giles Bonney, her son, Kenton, and a niece, Miss Leona Bahr. Mrs. Bonney visited her daughter, Mrs. Muriel Wehle, of Jackson, and Glenn Link, who also accompanied them, visited his sister, Pauline in Kalamazoo and other friends.

Mr. and Mrs. A. E. Redding attended the Malcolm family reunion in Pleasanton last Saturday which is an annual affair. Miss Goldie Link left recently for Detroit where she will spend some time.

Mr. and Mrs. Wm. Link and family were guests last Sunday at the Leonard Gleason home south of Benzonia.

Mrs. F. W. Benedict is entertaining her son, Paul and family, of Asheville, N. C., this week and there was a family gathering at her home last Sunday in their honor. A daughter, Mrs. Winifred Valleau and family, of Flint, were present, also Mrs. Fannie Chamberlin and family of Honor and Frank H. Benedict and family of Beulah.

Mrs. Isabel Gleason and children of Benzonia, Mrs. C. B. Benedict and Mrs. Cora Link and grand daughter of Eden and Mrs. Margaret Fox and sons, of Honor spent Wednesday, June 24th, at the Chamberlin home, the occasion being the birthday anniversaries of Claribel Chamberlin and Junior Gleason.

Miss Dorothy Valleau, of Flint, is visiting her cousin, Miss Frances Chamberlin for a few days.

Hopkins' Gag Rule Stops Investigations of WPA

Washington, D. C.—Harry L. Hopkins has closed the door upon public organizations which seek to know the truth about charges of political coercion and waste in the WPA, of which he is federal administrator.

Upon advice of his legal counsel, Hopkins issued an order to all state administrators, prohibiting them or their employees from furnishing records or giving testimony before state officials who question the wisdom or integrity of federal relief policies within their borders.

Where the Money Goes Monument, Colo.—President Roosevelt has approved the expenditure of \$149,430 of federal funds to repair a dam at the reservoir here, and to construct a mile of road. This project alone would provide every family in the little town with an income of about \$3,000.

THURSDAY, JULY 2, 1936

Busy Season Ahead For Camp Crystal

Camp Crystal for Boys at the Crystal Lake Outlet opened last Saturday with an attendance of twenty and with a busy schedule of activities planned for the 1936 season. All of the boys hall from Oak Park and River Forest, suburbs of Chicago, and the group this year includes four sets of brothers and two sets of cousins.

C. C. Hogue, director of the camp has two assistants this year and also brought two cooks along to see to it that camper's appetites were fully taken care of. The boys' ages run from seven to seventeen so that a wide range of personal supervision is required in the camp sports and training classes.

No time was lost in starting activities. Sunday afternoon the boys were out on a hike and had a beach supper at Point Betsie. Since then there has not been an idle moment. Swimming, diving, aqua-planing, hiking, canoe riding, kiyak building, horseback riding and numerous other matters have kept the boys continually on the go.

A rifle range has also been set up and shooting is being added to the schedule. The Resort Reporter on a visit to the camp Tuesday afternoon found the boys swarming about the place in bathing suits and various stages of sunburn, some of them splashing in the swift water below the outlet falls, others on the beach, one paddling dexterously through the waves of Crystal Lake in a ki-yak, a couple in the cellar developing films, others patching and painting a canoe and not one of them sitting still for more than three seconds.

A group had just returned from a hike to Beulah and back along the beach. Two dogs were prominent in everything, one a fussy little terrier of loud voice and inquiring disposition and another a black spaniel with much curiosity and good nature.

The latter member of the camp fell off the dam and went over the falls within ten minutes after his arrival at the place. Several of the boys gladly jumped in to his rescue, although it seems probable he might have done his own rescuing had he been given a few minutes to get his bearings.

Future plans for the camp include several overnight hikes to points of interest, Sleeping Bear,

Camp Wasquam Not To Open

Camp Wasquam the Highland Park Girl's Camp on the north shore of Big Platte Lake will not open this year as a girls' camp, the property having passed into the hands of G. E. Peck whose daughter Mrs. Donald Gibb is fitting the place out for a resort and planning upon operating it this summer.

The Resort Reporter is informed that Camp Wallace the Highland Park boys' camp is still the property of that city and will probably be occupied as usual but he could find no sign of life there Tuesday and was able to get no definite assurance that it would be opened. It seems there has been change in the official family of Highland Park and the new administration is laying different plans for the summer camp program.

Breaks Hip In Fall From Cottage Steps

Mrs. F. L. Marker of the Three Pines at Crystalia is confined to the home of her daughter, Mrs. Edward C. Killian, with a broken hip suffered last Friday evening when she fell from the steps of the daughter's cottage. She is reported resting as well as could be expected.

Mrs. Marker is the wife of M. L. Marker, proprietor of the inn, and has been in direct charge of the dining room and kitchen of the inn for a number of summers past.

Point Betsie and even the Manitou Islands are listed for visits before the season is out but probably not before the sunburn and poison ivy is conquered.

Work Progresses On Park Beach

The Resort Reporter found work progressing this week on the new river beach at the Benzie state park although the job has been somewhat held up by lack of the scoop suitable to the ability of the engine. Considerable sand beach has already been established, however, and was very much in use last Sunday, according to all reports.

The park has been having quite a busy session of camping and picnicing over the week-end with both local people and visitors from distant points making up the list of recreationers. It is interesting to note that four honeymoon couples have registered at the park for brief camping periods so far this spring.

Big game is also making its appearance in the state park vicinity again this year a number of deer having been seen at different times by different parties and one having been noticed by Mrs. W. D. Mosher, wife of the park superintendent, crossing the M-22 highway not far from the children's playground. Evidence of bear has also been noted but the furry animals themselves have so far kept from cover.

Across the road from the park at Amidon's Resort, young Mr. Edward Gustafson, of Gary, Ind., is assisting with the gas and oil vending this summer. He is replacing Ed Hinton who has been Happy Amidon's first assistant for the past several seasons but who this year is unfortunately laid up with some sort of rheumatism. The new assistant was busily engaged in tempting rock bass and perch in the Plate River at Amidon's dock when the Resort Reporter came along, and he was catching a few. They say some nice perch are to be had in this stretch of swift, clear water.

THOUSANDS RALLY TO G. O. P.

Chicago, Ill.—Dollar contributions to the campaign fund of the Republican National committee are rolling in at the rate of 4,000 a day, according to George A. Paddock, chairman of the committee named to raise a million dollars by the sale of "participation certificates." Paddock reports that the donors to date have included many Democrats and independents who prefer Landon and Knox to Roosevelt and Garner.

The contributor who sends his dollar to Republican National Committee, Drawer 8, Chicago, Illinois, receives in return a certificate which may be framed. The dollar is split "fifty-fifty" between the national committee and the county committee where the contributor lives.

Industrial States Paying for Others' U. S. Relief

Chicago.—How workers as well as employers in the principal industrial states are carrying the burden of relief payments in other states was revealed in a report of the Illinois Manufacturers' association here.

Ohio, Pennsylvania, New York, Illinois, Michigan and Massachusetts, all industrial states, received relief in amounts varying from 29 to 55 per cent of the amounts they paid in federal taxes during 1934 and 1935.

Yet South Dakota which paid only \$2,872,000 into the federal treasury during that time, was dished out \$41,660,000 in relief, or 1,451 per cent of its tax payments. In effect, the state received an actual gift of more than \$38,000,000 of the taxpayers' money. North Dakota, New Mexico, Idaho and Arkansas received in dole from 705 to 979 per cent of the total of federal assessments against them over the two years. Mississippi, Alabama and other states also profited from this relief situation.

Few of these big A.A.A. checks went to the little ZZZ fellows.

Kraker's Cherry Hut Opens This Week

The smell of cherry pies pervaded the vicinity of the Beulah Floral Gardens along U. S. 31 this week with the opening again of the Cherry Hut at the northern edge of Beulah on the main highway. The Misses Genevieve Chapel and Georgiana Knapp, of Lansing, are operating the Hut this year.

The Cherry Hut is well known to everyone who has visited Benzie county within the last ten years and who has an appetite for cherry pies, tarts and the like. It was established out on the Crystal Lake North Shore Road by the Krakers (Mr. and Mrs. Louis Kraker) in 1926 as a local outlet for cherries from their orchards. Since that time the hut has become an annual summer establishment, now out on the main highway and with a sister hut in Traverse City.

Honor Draws Huge Crowd To Free Show

With spectators appearing each Friday evening at the Honor free talking pictures from all over the county, and the crowds increasing at each show, it is estimated that at least one thousand people were present last Friday evening and by actual count 220 cars were parked in the village.

Honor has been fortunate in having an excellent open park in the center of the village for showing the talks, with a full block of parking space from which the pictures may be seen by those sitting in their automobiles. There are thirty benches provided, each with a seating capacity of eight people and it is estimated that at least this many more people find standing room or bring their own chairs thus making a total of around five hundred directly before the screen in the park beside the huge number in the cars.

FINE GAME FISHING

IS REPORTED
With the opening last Thursday of the game fishing season in Benzie county, some excellent catches of pike and bass were reported from the local lakes and especially from Crystal Lake where quite a number of local fishermen reported catching their limit within a few hours.

Pan fish, notably perch, bluegills and rock bass have been reported biting fine in the Platte Lakes and also down in Herring Lake and in the bay over at Frankfort.

FAMOUS FISHERMAN OF

IS BUSY THESE DAYS
Although the Resort Reporter failed to find that famous fisherman of the Platte Lakes, "Cap" Jack Worden, about his premises this week, he is informed that gentleman has been fishing almost day and night since the season opened last Thursday and has already caught six fish all of them over six inches long.

GILSON'S OPEN COLD BROOK INN

The Cold Brook Inn at Robinson's Resort was opened last Sunday by Mr. and Mrs. Orle S. Gilson of Lansing with the establishment presenting somewhat of a new interior to 1936 diners and dancers.

The store has been rearranged and remodeled to give more room and more convenience in serving, the kitchen has had a number of alterations and been newly equipped for greater efficiency, while beyond it has been added a new private dining room which is paneled in cedar and furnished with brightly modern chairs and tables. The main hall is divided into a spacious dining room at one end and quite a sizeable dance floor at the other where the refreshment counter is also located. A new electric ice cream cabinet is a feature of the counter service. Attractive decorations throughout add the final touch to the establishment.

Mr. and Mrs. Gilson are originally from Pierport, a short distance south of Arcadia on Lake Michigan where they operated the postoffice there and a store and eating establishment catering especially to the resort trade. They left there three years ago when their place burned and since then Mrs. Gilson has been connected with a fraternity house at the state college at Lansing during the school months of the winter. Thus the Gilsons are well known both locally and about the state.

At the Cold Brook Inn they plan upon serving regular meals and specializing in fish and chicken dinners with dancing parties also to be featured. No beer or other alcoholic drinks will be served.

CRYSTAL PAUTZ RESORT

GETS READY FOR GUESTS

The Crystal Pautz resort on the Frankfort end of Crystal Lake has been a busy place the last few weeks. A new cottage of the small variety has been set up and equipped with modern improvements, and the regular Pautz group of attractive cottages have all been renovated and put in tip-top shape for the summer.

The Resort Reporter found Mr. Pautz putting the final touches to an alteration job on one of the cottages and Mrs. Pautz trying, by her own admission, to get caught up sufficiently with her cleaning and other preparations to have time to take a few minutes' breathing spell.

The beach and bath house at the resort is already being considerably patronized and a number of cottagers were expected this week.

Cherry Queen And Coast To Meet U S Coast Guard Cutter

Traverse City—Queen Ardis Manney and her retinue of 14 maidens will sail into Grand Traverse Bay Wednesday, July 15, aboard the U. S. coast guard cutter Escanaba, according to word received by Don Weeks, secretary of the Traverse City Chamber of Commerce, from the commander of the Chicago division of the U. S. coast guard.

The royal welcome will be in keeping with the annual custom of the National Cherry Festival in Traverse City, July 15 to 17. Festival committee members are already arranging details of the ceremony and will soon get in touch with the captain of the Escanaba.

According to the telegram received by Weeks, the Escanaba will drop anchor in Grand Traverse Bay July 15 and 16. Because sailing orders require the ship to report in Chicago July 18, the Escanaba will probably leave Traverse City July 17.

CONSERVATION NOTES

Tent Caterpillar Sweeping Forst Areas

A species of caterpillar which feeds on the leaves has swept through vast areas of forest-country in northern Michigan, leaving them with the appearance of having been devastated by forest fire. The pest has been identified by the Entomology Department of Michigan State college as the forest tent caterpillar. Although in many instances every particle of foliage has been eaten off the trees, even those of mature size, forestry authorities of the Department of Conservation assert that it is not likely that the trees will be killed unless the infestation is repeated for several successive years. The leaves will come back again, trees having been defoliated last spring in some places already are growing new leaves. Conservation authorities say that many areas near Grayling, Gaylord and Wolverine have been almost completely denuded of forest foliage by the caterpillars. Although known as the forest tent caterpillar the insect does not build a tent. It favors the leaves of maple, oak, birch, elm, poplar, wild cherry and ash as food. The moths which develop from the pupa stage of this caterpillar usually appear late in June or

early in July and begin to lay eggs, according to State College entomologists. Department Purchases More Game Cover Additional frontages on inland lakes and trout streams and some good game cover were acquired by the State Conservation Commission when it approved several land purchases at its June meeting. Purchase of approximately 287 acres in the center of the Escanaba River tract from Maurice Anderson, Negaunee, an agent, was authorized. The land involved is surrounded by land previously acquired by the state, all of which will be open to public hunting. A mile of frontage on North lake in the Cedar river project, Menominee, and Delta counties, was acquired through of 160 acres from Paul Ferrizo, administrator, Daggett. Another parcel in the Cedar river tract, traversed by De-Groves creek, a small trout stream, comes into state ownership by purchase of 40 acres from Charles Peterson, Carney. A half mile frontage on North Manistee river will be acquired by purchase of 160 acres in the Au-Sable State Forest, Kalkaska county, from Joseph K. Gruner, Berwyn, Ill. The tract is part of the North Manistee river deer-yard, within which the state pre-

viously has acquired lands. All of the purchases were made from the \$1.50 deer-license fund and were approved both to assist the blocking of state-ownership in the immediate areas to preserve game cover and increase the lands available for public hunting. Fishing Without License Is Expensive Sport Fishing without a license is a poor way to save money in Michigan, as 93 of the 331 violators arrested by Conservation Officers during May can testify. The 93 were arrested for fishing without a license and were assessed a total of \$1,086.50 in justice court. This is an average of about \$11.50 each or 23 times the cost of a 50-cent resident fishing license. Several of the 93 were non-residents and some took minor jail sentences rather than pay fine and costs, but all would much rather have paid the nominal license fee if by doing they could have avoided a court appearance, Conservation authorities agree. Of the 331 arrests, most of which were for illegal fishing, only one was lost during prosecution. One case was certified to circuit court, dismissals or suspended sentences were recorded in four and in three the respondents were placed on probation. A total of \$2,384 in fines and a total of \$2,246.20 in costs were assessed in justice court. Justices meted out 355 days in jail terms.

Landon's Is Typical Kansas Family

Topeka, Kas.—"Meet the folks!" This picture of Gov. Alf M. Landon of Kansas and his family was taken on the steps of the Landon home here. Standing, left to right: The Republican Presidential nominee himself; Mrs. Landon, and their oldest daughter, Peggy Anne, 19. Seated, left to right: Mrs. Samuel E. Cobb, mother of Mrs. Landon, holding John Cobb Landon, 3; and John Landon, the governor's father, holding Nancy Jo, 2.

To Hold Septic Tank Demonstration At Donald Gray Farm

Sewage disposal is a primary problem in the modernizing of the farm home. Before a water system or bath room can be installed, some method of safe sanitary sewage disposal must be installed. Many farm wells are being contaminated and disease spread by flies from unsanitary cess-pools and open ditch methods of disposing of farm sewage. The Michigan Septic Tank was designed by the Agricultural Engineering Department of Michigan State College 21 years ago. There are now 5,000 in the state. Of these 5,000 tanks there has been practically no trouble reported. A septic tank building demonstration will be held on the farm of Donald Gray, near Lake Ann, on July 10th. In the morning the removable forms will be built and the concrete poured in the afternoon. At 2 o'clock the work will stop while a discussion on the building and operation of the tank will be given. The removable forms will remain the property of Mr. Gray and will be available for renting by others interested in installing a septic tank on their farm. The demonstration was arranged by County Agricultural Agent, D. B. Jewell. Mr. A. J. Bell, Extension Specialist in Rural Engineering from Michigan State College, will have charge of the work.

Poultry Culling Demonstration At H. Norconk Farm

How many eggs must every hen lay each month to pay her feed bill? How many boarders have you in your flock? These are two of the questions which will be answered by J. M. Moore of the Poultry Department of Michigan State College and D. B. Jewell, County Agricultural Agent, at a poultry culling demonstration to be held at the farm of Mr. Harvey Norconk, this is the first place west of the school house south of Empire, on Saturday, July 11th at 2:00 p. m. By attending this demonstration poultrymen will learn how to increase their egg production and decrease the feed bills. This is the season of the year when many hens in every flock are decreasing in egg production. Poultry meat is worth more now than it will be a month hence so why not get rid of these inferior birds profitably while you can. Decrease your feed bills and increase your egg production per hen by weeding out the boarders. Mr. Moore will be willing to answer any other poultry problems which may come up for discussion. The growing pullets must have attention if they are to be developed into profitable layers next fall when eggs are a good price. Your poultry flock has been profitable this last year. The hot summer months are the season when you must select only the best birds and sell the rest if your flock is to remain a profitable one. If you have more than 100 hens in your laying flock you can afford to spend two hours in learning how to improve egg production. Rosecommon county with a population of less than 3,000 has proportionately more sportsmen, perhaps, than any other county in the state. Small-game and deer hunting licenses representing approximately half the population of the county in number and fishing licenses equal to the full population, are sold in Rosecommon county each year. An article in The American Weekly, with next Sunday's Detroit Times, discloses the perplexing predicament of a man whose wife sometimes masqueraded as a twin sister and, he says, staged a real-life situation more absurd than a comic opera.

HONOR GIRL TO GO UPPER STATE CAMP

Elizabeth Manning, a student in Home Economics of Honor High School will represent her class at Camp Michagamme, located in the Upper Peninsula during the week of August 16 to 24. Elizabeth was chosen by the members of the class, the faculty, and the school board. She was judged from the standpoints of citizenship, the number and types of projects in which she has successfully completed, her social interests throughout, her personal qualities, her cooperation and her ability. She is 17 years old and a popular and prominent member of the Senior class. She is also a member of the Honor band. The female whitetailed deer of Michigan give birth to twin fawns more often to single fawns.

What Our Neighbors Are Doing

Gathered by Special Correspondents

Honor

Mr. and Mrs. Mead Naepf and family, of Fife Lake, moved into the Elliott house across the river last week. Mrs. Grace Palmer spent last week with friends in Benzonia. Mr. and Mrs. DeVere Randall and daughter, of Ludington, spent the week-end with the latter's parents, Mr. and Mrs. O. A. Hobson. Mrs. Robert Mathews and family, have been spending a few days with her parents, Mr. and Mrs. Harry Armstrong. Mrs. Lulu Baker and Mrs. Effie Maginity, of Benzonia, were guests Saturday of Miss Neva Wells. Mr. and Mrs. Willis Pratt and sons, and Miss Mary Fewins returned Thursday from Benzonia. Mr. and Mrs. Archie Ely had as guests last week the former's sister and family from Lansing. Mrs. Ida Haugh visited friends in Benzonia a few days last week. Mr. and Mrs. David Vandervoort and family moved last week into the Peck house from Thompsonville. Mrs. Alice Hayden, of Manistee, is visiting her daughter, Mrs. A. B. Case. Word has been received that Mrs. Paulus Peterson, of Suttons Bay is very ill. Mr. and Mrs. John Tillie and family spent Sunday in Bear Lake.

Platte Lake

Mrs. Raymond Derendinger, of Lansing, has been visiting her sister, Mrs. Wayne Ingelston for the past two weeks. Mr. Derendinger and Mr. Redverc Friday and wife and little son, Bobby, were visitors at Ingelsto's over the week-end. Mrs. Wayne Ingelston accompanied them Monday on their return to Lansing where she will visit relatives. Wm. Bates, of Columbus, Ohio, has purchased the former Rarey cottage just west of White City and after a few repairs will occupy it with his family for the summer. Jean and David Kline are at their cottage. Mrs. Kline is expected to join them this week. Tom Morhead, of Zanesville, has arrived at his cottage for a vacation. Mr. and Mrs. Ray Prior, of Detroit, are expected at Revnell's Resort this week. Dr. Chas. Sayers and Harry Sayers, of London, Ohio, with friends are occupying a cottage at Revnell's. Lieut. "Red" Warren of the Detroit police with his family has taken one of the Revnell cottages.

Grace

Mrs. Carrie Crowell and sister, Miss Undine Mortenson, of Elberta, were Sunday callers at their brother N. Mortenson and family. Miss Jessie Small visited her sister, Mrs. Harold Mick and family Sunday. Mr. Figger is moving off the Owen Mick farm to a farm on M-22 that he bought. Mrs. Robert Gray went to Frankfort Tuesday to visit her sister, Mrs. Sheridan. Mr. and Mrs. Peter Bayer were married sixty-five years June 26th. Miss Jean Sinclair spent Monday with her cousins, Miss Pauline and Dorothy Bayer. Mr. and Mrs. Matheson attended the funeral of their aunt, Mrs. McManus at Bear Lake Monday. Mrs. Sivert Bayer and family celebrated her birthday Sunday with a gathering of her sisters at the home of Mrs. Wm. Sinclair in Benzonia. Mrs. Harris and son, Fred and Mrs. Yhouse and family, of Frankfort, were Sunday visitors at the Eham home. Miss Bertha Morgan went to Flint. Mrs. E. Drago, Mrs. Fritz and John Eham called on Mr. and Mrs. T. B. Pettitt in Benzonia Sunday being the 60th anniversary of their wedding. Mr. and Mrs. N. Mortenson and B. Deniston were Thompsonville and Mesick visitors Sunday. Mr. and Mrs. F. Forrester entertained Sunday dinner Mr. and Mrs. D. Mick and son, George.

Joyfield Corners

There was a good attendance at the Sunday school convention and a good program enjoyed. The friends of Mr. L. K. Putney were sorry to hear of his death Sunday morning. The family has the sympathy of the community. Mr. and Mrs. Harvey Steele and family, Mr. and Mrs. Milford Norconk and family, Mrs. Ada Crawford and Arden Caswell were callers at the home of the former's parents Sunday. Relatives of Mr. and Mrs. Frank Lamb, of Pennsylvania, arrived Saturday for a visit at the Lamb home. Mr. and Mrs. Narsai Yonan were callers at the Lapland home Thursday evening. Miss Laura Smeltzer is helping her aunt Mrs. Lester Smeltzer this summer. Mr. and Mrs. Charlie Davidson expected their son, Sam Davidson, wife and daughter, of Rochester, Mich., Sunday.

Deaths

(Continued from page one.)
two years and in Benzonia county two years. They made their home for the last two years with their daughter, Mrs. W. I. DeLong and family at Platte Lake. Surviving are the two daughters, Mrs. DeLong, and Mrs. Lulu K. Baker, of Benzonia, and one son, Earl S. Keilior, of Quincy, Michigan, and two sisters of Mrs. Keilior, Sr., Mrs. Mary Surdam, of Elmira, New York and Mrs. Allen Cary, of Pentwater, Michigan; and eight grandchildren. Mrs. Rust, with her husband, had resided on the farm in Colfax for over forty years, with the exception of last winter which was spent with their children in Lansing. She was of a cheerful disposition and a devoted wife, a kind

Card of Thanks

We greatly appreciate all kindness shown in our recent bereavement and loss of our dear son and brother. Mrs. Anna Richmond, Grant Sager, Mr. and Mrs. E. J. Sager

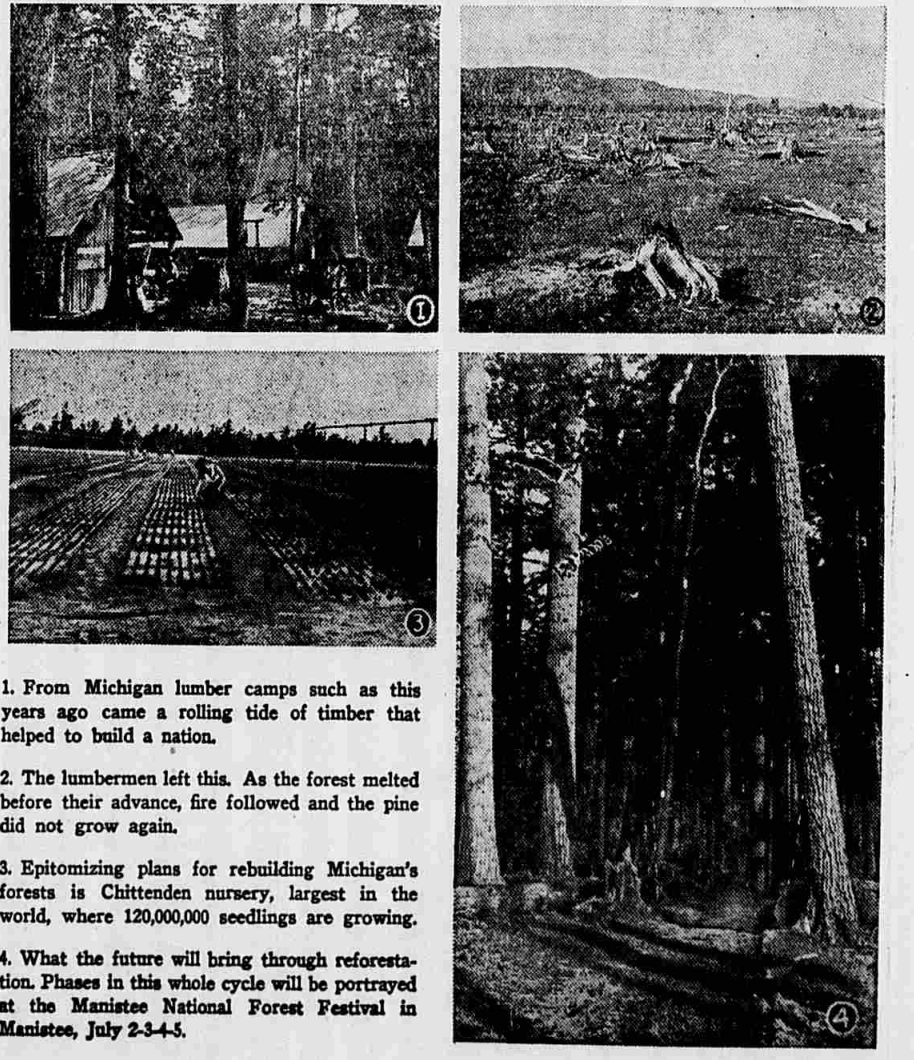

ROSE FLORENCE RUST

Rose Florence Rust, aged 64, wife of Mr. George Rust, of Colfax township, was born in Allegan county, Michigan, in 1872 and passed away Friday, June 26, at her home, following a brief illness. Mrs. Rust, with her husband, had resided on the farm in Colfax for over forty years, with the exception of last winter which was spent with their children in Lansing. She was of a cheerful disposition and a devoted wife, a kind

The Hint

"To what do you attribute your start on the road to success?" "The self-made man pondered. "I think," he said, "it must have been the fact that when I was an office boy I laughed louder than any of the other boys at the manager's jokes."

Theme of Manistee National Forest Festival July 2-5

1. From Michigan lumber camps such as this years ago came a rolling tide of timber that helped to build a nation.
2. The lumbermen left this. As the forest melted before their advance, fire followed and the pine did not grow again.
3. Epitomizing plans for rebuilding Michigan's forests is Chittenden nursery, largest in the world, where 120,000,000 seedlings are growing.
4. What the future will bring through reforestation. Phases in this whole cycle will be portrayed at the Manistee National Forest Festival in Manistee, July 2-3-4-5.

Used Car Title Law
Trips Many Drivers

Motorists of Michigan are involved in use car transactions are having their attention drawn to a provision in the state's motor vehicle laws, which not only cannot be successfully evaded, but which often trips up purchasers who do not understand it.

The provision makes it mandatory that within 10 days of the purchase of a used car, the purchaser shall file the assigned title with the Department of State and shall transfer the license plates to himself as well. A fee of \$1.00 is charged for each of these two transfers.

Many used car purchasers neglect to conform with this provision of the motor vehicle laws; many others defer the filing of the re-assigned title until after the passage of the deadline for the use of the plates which accompanied the car. This delay is taken, it is believed, in the mistaken belief that the fee for plate transfer is thus saved the owner.

Orville E. Atwood, Secretary of State, points out, however, that when plates for the succeeding year are applied for, the \$1.00 transfer for the old plates is collected before the application for new plates will be received. The only result is to delay the motor car owner when he applies for plates.

MORTGAGE SALE
 DEFAULT having been made in the conditions of a certain mortgage made by Charles Newman and Elizabeth Newman, husband and wife to Anthony Maxbauer, dated the 8th day of May A. D. 1924, and recorded in the office of the Register of Deeds for the county of Benzie and State of Michigan, on the 17th day of April A. D. 1936 in Liber 37 of mortgages, on pages 177, 178, and 179, and which mortgage was duly assigned by said Anthony Maxbauer A. J. White on the 20th day of April, 1936, which assignment was duly recorded in the office of said register of deeds in Liber 37 of Mortgages on page 183, and on which mortgage there is claimed to be due at the date of this notice, for principal and interest, the sum of Nine Hundred Two and 10-100 dollars, and an attorney's fee of twenty-five dollars, as provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is Hereby Given, that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, on Friday, the 25th day of September, A. D. 1936, at 2 o'clock in the afternoon, the undersigned will, at the front door of the Court House in the village of Beulah, that being the place where the Circuit Court for the county of Benzie is held, sell at public auction, to the highest bidder, the premises described in said mortgage, or so much thereof as may be necessary to pay the amount so as aforesaid due on said mortgage, with seven per cent interest, and all legal costs, together with said attorney's fee, to wit:

The West half of the South-west quarter of Section Ten, except beginning at the South-west corner of said Section Ten, thence North 82 1/2 rods, thence East 13 rods, thence South 11 rods, thence East 2 rods, thence South 1 1/2 rods, thence East 8 rods, thence South 20 rods, thence West 23 rods to beginning, all in Township Twenty-seven North, range Thirteen West and containing

76 acres more or less, in Almira Township, Benzie County, Michigan.

A. J. WHITE,
 Assignee of Mortgage.

The Fourth of July

Alowishus

(continued from page one)

looks that way to Alowishus, and if any particular thing is exempted, the folks who buy that thing will be relieved at the expense of another group which must unavoidably take up the load. As it now works the tax that one farmer used to pay on the land he raised beans is now divided up between possibly a hundred people who eat the beans.

If the sales tax were taken off the beans, under the limitation amendment to the constitution it could not be loaded back on the farmer's land but it would mean an increase on the tax on farm implements, on overalls, on automobiles and other things the same farmer has to buy. Then to make a living he would necessarily have to get a larger price for his beans, so the consumer would find himself paying a tax on the beans just the same as before only he would be paying it through the grocer, the middleman and the farmer, each making a profit on it, instead of paying it directly to the state. And the trouble with this roundabout way of tax is that the first man hit, in this case the farmer, is the man who feels the hardship of having to dig the actual coin out of his income.

Alowishus is all for direct taxes. They are least expensive to collect and accordingly mean that much less for the taxpayer to pay. Taxes handed down from one to the next with every transfer until the public soon finds itself paying out a dollar and a half of which the state only gets probably a dollar. Likewise when a man pays a direct tax he knows he is paying it. Politicians can't kid him out of that fact and he can't kid himself. Further and more, Alowishus believes in giving everybody rich, poor and on the welfare a direct share in paying. It would be fine to pay less, for in instance to pay a two cent sales tax instead of a three, and that, thinks Alowishus,

is the sane and sensible way of relieving everybody.

Sudden death is a bad enough thing at any time and under any circumstances. Sudden death thru no fault of the victims and due altogether to someone's unintentional carelessness is one of the worst tragedies of modern living. And the tragedy is for those who are left behind. Certainly the high school boy ran down and killed outright two men on the road near Honor last Friday night had not the slightest intention of ever harming anyone. But the accident happened, two are dead and one is in the hospital. The boy may go to prison or he may not. Wherever he goes, he will never get away from the fact that he drove the car which brought sudden death.

Such accidents always arouse the deepest sympathy of everyone interested in the case. They also arouse people to the realization that a modern automobile can be a terribly dangerous weapon in anyone's hands and one that certainly should not be handled with anything but the utmost care and judgment. Alowishus hears that the young driver in the Honor accident had been warned repeatedly and had been complained against to local officers several times on account of his recklessness in driving. Possibly a thirty- or sixty day jail sentence would have taught him the needed lesson before this happened. Be that as it may, youth is naturally inclined to resort to dangerous carelessness in burning up the boundless energy which comes in the teens. It has always been that way. It seems, however, that young drivers could somehow be taught to realize the serious responsibility which goes with driving a fast car, for sooner or later they will be faced with that responsibility. And as has been so graphically said, death is so permanent.

Accomplishment
 Everyone can do his best thing easiest.—Emerson.

MOTOR OIL IN 2 GAL. CANS
 FOR \$1.05 AT STOLL'S SUPER SERVICE, HONOR.

Churches

The Benzonla Church
 The first of the Summer Services at the Benzonla church will come next Sunday morning at eleven o'clock. The high spots and the significance of the General Council of Congregational and Christian Churches of America, which closed at Mt. Holyoke, Mass., last week will be given by Dr. W. G. Willard, who was the delegate from Grand Traverse Association and by Mrs. Willard, who had been chosen by the state to fill the place of another delegate who could not attend. The general conventions of America's leading denominations always deal with so many issues of universal interest, that accounts of any of them are of almost or quite equal interest to people of any other communion. This one will be no exception to the rule, and this service will be abundantly worthwhile.

Christian Science Churches
 "God" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, July 5.

Among the Bible citations is this passage (Is. 44:6): "Thus saith the Lord the King of Israel, and his redeemer the Lord of hosts; I am the first, and I am the last and beside me there is no God."

Correlative passages to be read from the Christian Science textbook, "Silence and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 465): "God is incorporeal, divine, supreme, infinite Mind, Spirit, Soul, Principle, Life, Truth, Love."

Eden Congregational Church
 J. B. Ellison, Pastor
 Church services every Sunday morning at 11:00 o'clock Sunday school at 10:00.

Lutheran Services in Beulah will be dropped on Sundays, July 5th and 12th.
 Services will be resumed on Sunday evening, July 19th, at 6:30.

Geo. Sage, Janitor
 Attends Conference

Care, operation, and maintenance of the school plant was the theme of the second annual conference for Public School Custodians, Janitors, and Engineers held last week at Michigan State College, East Lansing.

George Sage, janitor of the Benzonla Consolidated School attended.

At this conference the 300 school representatives from approximately 100 Michigan cities heard lectures and watched demonstrations on the various phases of the school plant. The material included in the short course were cleaning and maintenance of walls, woodwork, furniture, floors, and lavatory fixtures; care of the school grounds; electrical and plumbing problems; and maintenance and operation of the heating plant.

TWO KILLED, ONE HURT AS YOUNG DRIVER CRASHES INTO TRIO WALKING
(continued from page 1)

the Dymond home at Indian Hill Orchards and Fire Warden Bates and several other cars including the one driven by young Dymond had set out for the scene. Bates was driving at a good rate of speed estimated first at about fifty miles per hour but later testified to have been about thirty-five, when Dymond attempted to shoot past him. The road was clouded with dust at the time and a brisk rain had started to fall further hampering the visibility.

Undersheriff N. S. Robbins was called to the scene immediately and took full charge. A coroner's inquest was called for Monday afternoon with George Hoag, West-

ley Covey, John Wilde, B. P. Griffiths, Ray Cady and John Acha on the jury. The cause of death was set as due to the deceased having been struck by an automobile but no recommendation for criminal action was made.

At the time of going to press no charges had been placed against young Dymond but it is understood definite action is pending. Several complaints against him for reckless driving have been received by county officers during the past year.

Lewis Neeb is survived by six brothers and four sisters and his father, Lewis Neeb, Sr. Two of the brothers, Sam and William, the latter of the Milwaukee police department, were present at the inquest and accompanied the body afterward to Menominee Falls, Wis., where funeral services will

be held at the Lutheran Mission Church which Mr. Neeb was largely instrumental in founding. Brief services were held Monday evening at the Bennett Funeral Home Chapel in Frankfort before shipping the body.

Mr. Neeb was a retired engineer and prospector and had lived at Honor for the past eight years where he was held in the highest esteem and had built up a large following of friends.

Elmer Sager was the son of Mr. and Mrs. Elmer J. Sager who resided just north of Honor on the Empire road. He leaves his parents, two sisters, Mrs. Horning of Houghton Lake and Mrs. Angie M. Richmond, of Benzonia and one brother, Grant, of Benzonia. Funeral services were held Monday afternoon at the Beulah Chapel of which he was a charter member.

Pete Schenburn, the injured man, is a brother of John Schenburn, of Honor.

Young Dymond is the son of James Dymond, manager of the Indian Hill Orchards and is a junior in the Honor high school. Riding with him at the time of the accident was Charles Manning and his sister, Elizabeth Manning.

Growers Urged To Follow Cherry Fruit Fly Spray Order

It is urged that the following directions be preserved, and that the sprays be applied according to advices sent out from time to time.

Two species of cherry fruit flies infest Michigan cherries namely, the earlier-maturing dark-bodied species and the slightly later white-banded fruit fly. Both species affect cherries along the entire western coast-line and are undoubtedly in other parts of the state as well.

The date of the first spray has been sent out by the County Agent, D. B. Jewell. It is, furthermore, recommended that the second spray be applied two weeks after the first spray, in case a period of two weeks lapses between the emergence of the fly and picking time. Additional sprays may be required if poison is washed off by heavy rains. All other fruit trees except peaches, interplanted or in close proximity to the cherry trees should likewise be sprayed along with the cherry trees.

Directions For Spraying: Sour canning cherries which are to be thoroughly washed should receive a spray containing 2 pounds lead arsenate in 100 gallons of spray.

For sour cherries the spray may consist of lime sulphur 2 1/2 gallons in 100 gallons of spray plus the above amount of lead arsenate, if lime sulphur is the fungicide being used. If you are using Bordeaux add the 2 pounds of lead arsenate to 100 gallons of 6-8-100 Bordeaux.

Sweet cherries may be protected by adding the 2 pounds of lead arsenate to a spray consisting of 2 gallons of lime sulphur in 100 gallons.

These sprays are recommended only for use on cherries that are to be thoroughly washed preliminary to canning or freezing. When sprayed fruit is not washed there is a residue hazard.

Pays Heavy Fine For Striking Woman

Leroy Smith, 32, of Beulah, paid a fine of \$50 and costs of \$20.35 in Justice E. L. Rockwell's court last Saturday after he had plead guilty to assault and battery in charges brought against him by Mrs. Gladys Judson, 25, of Benzonia.

Smith was arrested when the woman made a complaint against him charging that he had struck her about the head with an electric light fixture and handled her roughly in altercation between the two at her home on the previous Tuesday night.

GOOD WRESTLING CARD AT OPEN AIR ARENA TONITE
(continued from page 1)

places him as one of the fastest boys in the game today and all his matches pack plenty of action. He and Saur will tangle for two out of three falls with an hour to go.

In the semi-finals, Rockwell has a place on his own card against Jimmy Logas, a tough little Greek from Chicago. Logas is an old hand at the game. He was one of the early teachers of Jim Londos who was the world's heavy-weight champion for a number of years. Rockwell is well known locally as a favorite with plenty up his sleeve. They are given thirty minutes for one fall.

The more bloodthirsty fans will again have a chance to see the Elberta villain, Jasper Boone, in action as he goes to the mat with Johnny LaRue, of Dallas, Texas, in an attempt to stage a comeback to the local winning column. His competition has a reputation for liking them tough and for being able to hold his own against any type of wrestling, so Boone is likely to find plenty of chance to grunt before the session is out. It is pretty certain that the two will furnish thirty minutes of furious mat action and probably demonstrate a few new tricks in punishment.

The card promises to be one of the best yet presented and a real turnout is expected. Those under sixteen are being offered a special admission rate of twenty-five cents.

"I WOULDN'T RISK MY LIFE ON ANY OTHER TIRE"
Says Louis Meyer
Only three time winner Indianapolis Race 28 33 36

EQUIP YOUR CAR WITH Firestone GUM-DIPPED TIRES for Greater Safety!

THERE is a reason why Louis Meyer won the 500-mile Indianapolis race this year—and why he is the only man ever to win this gruelling race three times. He always used Firestone Gum-Dipped Tires, and never experienced tire trouble of any kind.

Louis Meyer knows tire construction. He also knows that to drive for 500 consecutive miles over this hot brick track, negotiating the dangerous curves 800 times at the record-breaking average speed of 109 miles an hour, requires tires of super strength and greatest blowout protection, as a blowout on any one of the dangerous curves would likely mean instant death. By the Firestone patented Gum-Dipping process every cord in the tires on Louis Meyer's car was soaked and coated with liquid rubber, thereby preventing internal friction and heat. This is the secret of the extra strength and reserve safety built into Firestone Tires.

When you make your holiday trip this week-end, you of course will not drive 109 miles per hour, but at today's higher speeds you do need tires that will give you greatest blowout protection and will stop your car up to 25% quicker. Take no chances! Let us equip your car today with Firestone Gum-Dipped Tires, the safest tires built. It costs so little to protect lives worth so much!

THE MASTERPIECE OF TIRE CONSTRUCTION

HIGH SPEED TYPE

SIZE	PRICE
4.50-21	\$ 8.60
4.75-19	9.10
5.25-18	10.85
5.50-17	11.90

THE New Firestone STANDARD

Designed and constructed by Firestone tire engineers for long mileage and dependable service—a first quality tire built of high grade materials by skilled workmen, embodying the Firestone patented construction features of Gum-Dipping and Two Extra Layers of Gum-Dipped cords under the tread.

Its exceptional quality and service at these low prices are made possible by large volume production in the world's most efficient tire factories. Made in all sizes for passenger cars, trucks, and buses.

Drive in today and let us show you this new Firestone tire!
